

Logo Competition

We recently asked Inverkeithing Primary School to help us come up with a logo for Fraser Avenue Regeneration Project.

The whole school participated in the project and we received such good designs that it was a difficult task to choose the winner.

We asked the Fraser Avenue Project Implementation Board to help us make the final decision. This included:

- Kingdom's Chief Executive, Bill Banks
- Councillor Alice McGarry and
- Lynn Hoey, Shirley Melville, Alan J Russell and Jan Halley all from Fife Council

After much deliberation the Board agreed to award 1st and 2nd places from 2 categories (P1-4 and P5-7) as well as Certificates of Commendation for 3 more entries. The winners were as follows:

- P1-4 Winning – Hannah Scott Runner Up – Matthew Cherry
- P5-7 Winning – Spencer Howes Runner Up – Annabelle Sung
- Certificates of Commendation to Jess Bowen, Jenna Hamilton and Lucy Delaney

The group decided to award gift vouchers to the winners with the 1st place winners receiving £20 and the runners up £10.

The selection panel were impressed by how well the designs worked as a logo as well as the quality of the drawings. We hope to use the logos throughout the project including in the regular newsletters and on our website.

The Logo Competition is the first of a series of projects that we hope to arrange with the school. As part of the Regeneration Project a number of community projects will be progressed that bring added value to the building work. These projects will cover a number of areas including:

- Employability and Skills
- Community projects including health & wellbeing, capacity building
- Environmental and sustainability improvements
- Education initiatives
- Community art

Some of the other fantastic designs included:
