The Key to Your Support Needs

Housing Support and Care at Home Services

Our services are available throughout Fife and Falkirk. Our aim is to promote social inclusion by supporting people to maintain their home; increase their independence and be actively involved in their local community. Support services cover a wide range of tasks designed to help people live in their own home, such as; assistance with shopping; household tasks; budgeting; paying bills; support to access other services such as; occupational therapy; mental health services; advocacy; drug/alcohol services. Care tasks include support with bathing, dressing, eating or participating in activities.

Monitoring Bodies

Our services are registered with the Care Inspectorate as Integrated Services. We are inspected by the Care Inspectorate on an annual basis and measured against a set of National Care Standards. Details of our inspection reports and grading are available on our website www.kingdomhousing.org.uk

Commitment

If chosen as a support provider, we will work with people to create a personalised support plan designed to meet individual needs, provide a quality service and offer the opportunity for people to gain new experiences.

If you or someone you know needs support, we will be happy to hear from you and provide guidance on how to access our services.
